To Whom It May Concern:

As the first leasing tenant of The 300 Building, we would like to share our enthusiasm about working with the Cornerstone Group during our relocation process.

We came to Water Tower Square after searching throughout Southern Indiana for space to relocate and expand the business. Within hours of our first meeting with Cory Hoehn to explain our needs, we had, in our hands, a preliminary build-out plan and lease agreement for the proposed space. With the idea that it took some property owners several weeks to even return our calls, we were thrilled with Cornerstone's response time.

During the entire build-out process, we felt like we were being included in decisions and we were able to make the space our own. The offices were ready for us to move in when Cornerstone said they would be and they were great at following up on any issues that we found later. Cornerstone continually exceeded our expectations -- They even helped us out of a real bind when the phone company had not done their jobs with connectivity!

Our clients have been extremely impressed with the look and feel of the office, as well as the convenient location. Overall, we could not be happier with our decision to move to Water Tower Square and with the professional service we have received from everyone at the Cornerstone Group. If you have further questions, please do not hesitate to contact our office.

Sincerely,

Andrew Burdsall
President
